Last Sunday like the week before, a couple of new children were visiting plus some others returning after a long time away. It is very encouraging to see our numbers continuing to grow. Super Church is for children Nursery through to grade 6, and if you haven't yet, may I invite your kids to come and be a part of it.

This Sunday our focus is on being an encouragement to others. Many times, a parent, teacher or leader has had to use the phrase "Watch your mouth!" when dealing with kids. Words can so often do damage to others. We'll look at the story in Acts chapter 5 of Ananias and Sapphira. I trust that you are having a blessed week.
